THE CRETAN TROUBLE

Disruption and Disorder Rampant in Crete.

AUTHORITIES POWERLESS

Christians Organizing Expeditions Against Villages.

LONDON, Aug. 26.—A dispatch to the Telegraph from Athens, says that the most serious fight which has occurred in Crete, up to the present time, occurred yesterday when the Christians, in the mountains, organized a strong expedition against the villages in the Heraklion district. A band of well-armed Turks left Heraklion to protect their property. The pitched battle, which followed, the Turks were defeated, losing 80 men and 47 wounded. The losses of the Christians were smaller. The Christians captured an enormous booty, hundreds of rifles and thousands of sheep and cattle falling into their hands. The news of the reversal, according to the Athens correspondent of the Telegraph, terribly excited the Moslems, population of Heraklion. The Moslems gathered in front of the palace of the governor and clamored furiously for arms. The governor was powerless to restore order. He, therefore, telegraphed the authorities at Athens, warning them of the gravity of the situation. The foreign consuls, the recently appointed Christian governor of Crete, to take steps to suppress the disorder. The French and even went so far as to threaten to send a strong force from the sea to restore order. In conclusion, the Athens correspondent of the Telegraph says that after the battle several villages were burned, both Christians and the Turks taking part in the destruction of the town.

Sultan of Zanzibar Dead.
ZANZIBAR, Aug. 26.—The sultan of Zanzibar, Hamed Bin Thwain Bin Ali, is dead. He was about 40 years of age, a nephew of the late sultan, Khalif, and Burgash, and succeeded to the sultanate on the death of Sul-Ali March 5, 1893. He was one of the most powerful rulers in the East, and as the most fitting by the British government, which exercises in Zanzibar over the sultanate.

Calls Down the Turk.
PORTSMOUTH, Aug. 26.—Minister of War has notified the Turkish government that the latter's answer, to demands of the United States, for indemnity for burning the American mission at Kharput and Marash, is not satisfactory.

THE GREAT ZINC MINES.

Supper Report From America's Wonderful Mining Region.

SCOTT'S CITY, Mo., Aug. 20, 1896.

This is one of the greatest mining regions of the world. It is a comparatively new discovery and all the plants are in operation in this camp. The product is zinc or "rosin jack" as the ore is called, and looks very much like a poor grade of rosin as it comes from the mine. It is mixed with flint rock and is all put through a crusher and separated in a shaker. The separated ore is smelted with stone coal, but as it takes three tons of coal to smelt one ton of zinc ore it is cheaper to ship the ore to the coal fields than to ship the coal to the ore.

The smelting is done at Pittsburgh, Kansas. The ore is found at a depth of from 90 to 200 feet below the surface and is found over an area of 4,000 square miles, including the cities of Joplin, Webb City, Aurora, and the original mining town of Granby where the first lead ore was discovered over fifty years ago. A great many of the plants are idle because of the great financial depression. Of the 300 to 400 plants at Joplin not more than 30 to 40 are in operation. The same is true of nearly all of this vast mining region, at least 90 per cent are only occupied by the bats and the owls, and still they tell us there is too much money in the country. This view is correct from a gold standard view until our miners and laborers are willing to work for the lowest wages, of the gold standard countries, gold will continue to go away, from this country, and be invested where labor and products are cheaper than our laborers and producers are willing to work for. Clubs are organized all over the country to fight against the adoption of the gold standard. These clubs are composed of men of all parties. Cartage has a club, of several hundred members, composed entirely of Republicans. They are well organized and are sending out able speakers, from among their number, to the various cities and towns, of the district. In almost every locality a union, of the silver forces, has been formed for the election of free silver men to office. It is estimated that Bryan will carry Missouri by 65,000 majority.

Feed the Nerves

Upon pure, rich blood you need not fear nervous prostration. Nerves are weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. It also builds up the whole system.

Hood's Pills are the favorite family cathartic, easy to take, easy to operate.

FUSION ALL AROUND.

Michigan, California and Oregon Unite.

BRYAN FORCES GROWING

Union and Harmony the Watchword Everywhere.

PORTLAND, Aug. 26.—Now that Democrats and Populists have agreed upon fusion and endorsed Bryan and Watson, some difficulty is being experienced in making up the personnel of the electoral ticket, which is to be two Populists, one Democrat and one free silver Republican. E. Hofer, of Salem, will probably go on as representative of the free silver Republicans.

All of the Democratic nominees want to be their party's representative, their failure to agree may result in the withdrawing of all of them and naming a new man. The gold Democrats are pleased over the turn of affairs and say the surrender of the Democrats to the Populists gives a greater reason for third ticket.

It is stated this afternoon that all of the Democratic nominees will be withdrawn and N. L. Butler of Polk county will be Democratic nominee. Fusion ticket will probably be as follows: Harry Watkins (Pop.); M. L. Olmstead, (Pop.); N. L. Butler, (Dem.); and E. Hofer, (silver Rep.)

Michigan Fusion.

BAY CITY, Mich., Aug. 26.—The conferees appointed by the three conventions yesterday, reached an agreement today. They decided the name at the head of the ticket should be "Democratic-People's Union Silver Party." The Populists are accorded three electors and the nomination for auditor-general. The three conventions will meet in joint convention to nominate a state ticket, the Populists and silver men together, to have a representation equal to that of the Democrat.

N. Y. Republican Convention.

SARATOGA, N. Y., Aug. 26.—Congressman Frank S. Block of Troy, was nominated for governor, on the second ballot today, by the Republican state convention. Timothy L. Woodruff, of Brooklyn, was nominated lieutenant-governor, Irving G. Vann, of Syracuse, for associate judge of the court of appeals.

Michigan Town Destroyed.

Houghton, Mich., Aug. 26.—As expected the result was total destruction to the town of Ontonagon, by the fires yesterday, and there are about 1800 men, women and children that are without food or shelter, many insufficiently clothed, they suffered severely last night. The Diamond Match Company lost its mills and buildings, worth nearly \$2,000,000 and lumber worth nearly \$1,000,000. Insurance 75,000. The loss on the balance of the village will foot up to about \$2,000,000. Insurance \$300,000.

Detroit Chosen.

MILWAUKEE, Wis., Aug. 26.—The committee on the time and place of the next meeting of the national Republican league decided to report in favor of Detroit. The election for president of the league resulted in the choice of D. A. Woodmansee, of Ohio.

Gold Democrats Meet.

ST. LOUIS, Mo., Aug. 26.—Gold Democrats Missouri met in convention here today. Between three and four hundred delegates present.

TRENTON, N. J., Aug. 26.—State convention gold standard Democrats was called to order by ex-Senator Henry D. Winton, ex-Secretary Treasurer Charles S. Fairchild made an address.

California United.

SAN FRANCISCO, Aug. 26.—The union in this state between the silver forces on presidential electors is complete. The People's party state executive committee has decided in favor of the proposed agreement, giving five electors to the Democratic party and four to the Populists.

The Bryan Party.

SYRACUSE, N. Y., Aug. 26.—W. J. Bryan took up the campaigning almost before the sun was up. After a few hours' rest, following the Utica meeting, which did not end until past mid-

night, and after a hurried breakfast, he and Mrs. Bryan boarded the local passenger train, which left Utica at 7:15. There was no parlor car, and they took seats in the common coach, where the passengers crowded about them for handshakes and autographs. Bryan had little to say about the dinner with Senator Hill, undoubtedly one of the important events in his New York tour. "It was purely a social affair," he said although the absence of Hill from a political meeting which followed the dinner was commented upon. There is a general impression among those acquainted with the candidate, that he received assurances that Hill will declare for the ticket.

From Adversity to Opulence.

CHICAGO, Aug. 26.—For years a lodging house, or a dark stairway has been the bed of Thomas Dohoney. His meals came from a saloon lunch counter or some cheap restaurant when they came at all. Last night he stopped at the Auditorium hotel and ate of the finest viands the market afforded. For this change Dohoney thanks his brother, F. L. Dohoney, of Los Angeles, Cal., and Detective Sergeants Burke and Plunkett, who brought the men together after 24 years of separation, and when every other relative had died.

The brother from California had left the old home in Fond du Lac, Wis., 24 years ago and went west. After drifting about and working at what he could find to do, he finally located a claim which proved to be a valuable one and wealth began to show up. About three weeks ago he returned home only to find that both parents, as well as his sister, were dead, but he learned that his brother Thomas was supposed to be in Chicago, and after an unsuccessful search of the city he placed the matter in the hands of the police. Last night the missing brother was found at a saloon on Van Buren street. It is said he will accompany his brother to the West to become manager of the latter's mines.

Declared a Boycott.

SAN FRANCISCO, Aug. 29. Feeling against the Southern Pacific Company is intensifying among the 15,000 wheelmen of San Francisco and 40,000 wheelmen in the state, over the recent decision of that company to charge 25 cents for carrying a bicycle between any two points, and for taxing bicyclists who cross the bay 10 cents for each wheel. A boycott has been declared on the Southern Pacific by a large number of wheelmen and the others, it is said, will doubtless take the same course.

A mass meeting of wheelmen of this city will be called soon for the purpose of taking action politically. This is but the beginning of the wheelmen's campaign against the Southern Pacific and against any candidate for the legislature opposed to a bill compelling the Southern Pacific Company and railroads of the state to carry bicycles free as baggage, as is the law in the state of New York.

Murder and Suicide.

LOWELL, Mich., Aug. 26.—Charles Church, junior member of the private banking-house of C. J. Church & Co., shot and fatally wounded his wife and then committed suicide. The bank closed yesterday for the alleged reason that it was unable to realize upon its assets.

Deputy Sheriff Cowan called at Church's house to serve a writ of attachment, Church locked the door and immediately three pistol shots were heard. The door was broken in and Mr. and Mrs. Church were found lying on the floor, the former dead, the latter mortally wounded. The elder Church had disappeared.

Big Failure.

NEW YORK, Aug. 26.—Hilton, Hughes and Company (once A. T. Stewart and Company) have made an assignment to G. M. Wright. The assignment is without preference. The assignment was made by Albert G. Hilton who comprises the firm. No statement has yet been made as to liabilities and assets.

REPUBLICANS MEET

In State Convention at Tacoma, Wash.

EVERYTHING IN HARMONY

Send Greetings to Idaho and Mr. McKinley.

TACOMA, Aug. 26.—There are 436 delegates to the Republican state convention which met here at 10 a. m. today. It will be the largest convention in the history of the state, but in many respects lacking in the elements of interest that have been present at previous conventions. There will be no fight on the platform, and there is no clean-cut alignment of forces on the question of candidates. The situation is altogether chaotic, and there is no prospect it will be made very orderly before the balloting for candidates begins. There will be no test vote on chairman or any other question, so far as at present appears, before the actual battle begins. The truth is that interest in the fortunes of the various candidates is apathetic.

A singular thing about the canvass for the governorship is that the delegates as a body admit Sullivan's personal merits and his great efficiency in campaign work for the party in the past; but they apparently do not think he is a vote-getter, and it is, on the contrary, urged by his friends that he is the best vote-getter named. Precisely the same objections are urged against the same claims advanced in behalf of Wilson.

CONVENTION CALLED TO ORDER.
State Republican convention met and was called to order by chairman Sweetland, of the state central committee. Rev. Dr. Ford, of Seattle, led in prayer, Major A. S. Cole of Whatcom was elected temporary chairman by acclamation. The convention decided to send greetings to the Republican convention of Idaho and to Major McKinley. After the appointment of the usual committees the convention adjourned till 3 o'clock.

Oregon Coal.

Coquille Recorder: Mr. T. W. Clark, president of the Bandon Black Coal & Mining company, informs the Recorder that there is a large demand for their coal and the cargo that was shipped some days ago is stirring up San Francisco coaldealers. Already there is a call for 5,000 tons per month from one firm, and other orders are coming in fast. Mr. Clark will leave in a few days for the city, to close some contracts for the entire output of the mines, after which the mine will be put in first-class working order and lively business will ensue. It is expected a demand for 6,000 or 8,000 tons will be made per month. This means from \$12,000 to \$16,000 per month to come into the Coquille valley.

Instantly Killed.

OREGON CITY, August 26.—Herbert Smith, aged 22 years, was instantly killed at 5 o'clock yesterday evening by falling under a load of wood, which he was hauling to the Barclay schoolhouse. In descending a bad place his wagon reached broke, and the wagon turned wrong side out. While the vehicle was thus turning, Smith was jolted from the top of the load, and in falling he was caught by a rear wheel, and his head crushed so that the brain was forced out. He was one of three sons of a widow residing at Elyville.

STATE NEWS.

Another cargo of railroad iron, arriving after a voyage of 205 days.

A theatrical company is formed at Eugene and will do the state of Oregon.

Chas. Carter the 9 year old son of Chas. Carter of Portland was drowned in the back water.

About 1500 head of cattle have been rounded up and put in pasture to await purchasers in Wallowa county.

C. S. Jackson and John Baily, of Canyonville, on a four day's hunting trip, last week, secured 12 deer and two bears.

Oscar C. Pierce, son of Nathan Pierce, of Pendleton, had his hand terribly mangled in a threshing-machine last Friday.

A bold thief broke into the barn of W. E. Dean, near Grant's Pass last week, and stole some showcases, spray pump, and some salt and bran.

The residence of L. E. Parker near Toledo, was burned. It was occupied by A. S. Henckley, who barely escaped being burned.

Charles Miller, son of J. I. Miller, a prominent G. A. R. man of Albany, received a letter yesterday from an attorney in Iowa, stating that young Miller's uncle had died in that state and willed him his entire estate valued at \$40,000.

The police commissioners of Portland, will hold a meeting Thursday or Friday evening and will then probably appoint a democrat to succeed Chief of Police Minto. There are five men seeking this position. H. D. McGuire, the state fish and game warden, John Myers, Huston, R. H. Tompson and Ivan Humason.

K. P. Banner.

Eugene Guard, Aug. 24: The Grand Commandry Knights Templar of Oregon has offered a prize banner for the best drilled corps of Knights Templar in the state. In the competitive drill held last year Salem was the only competitor in the field. DeMolay Commandry, No. 5, of Salem, was awarded the banner. The banner, which is a very beautiful concern, has just been completed and received by Grand Recorder Robinson of this city and is now on exhibition in Yoran & Son's shoe store. It will be forwarded to Grand Commander Lippincott at Portland tomorrow and he will in turn forward it to the Salem commandry.

The banner is of good size and is suspended from a gold mounted staff. It cost \$150 complete. The front was designed by Miss Libbie Yoran, an artist of this city. The lettering, trimming and an oil painting of Mount Hood make a very pretty effect. The front is inscribed as follows: "Grand Commandry, K. T." "Supported and defended by the best drilled corps of Oregon." On the back at the top are the words: "In hoc signo vinces." Immediately following is the symbol of a cross and at the bottom is the inscription: "Non nobis domine, non nobis, sed nomini, tuo da."

RIVER NEWS.

Owing to the scarcity of news about the city a JOURNAL reporter took a stroll along the river front this morning. Everything was found unusually quiet there, indicating that business was not very rushing on the river as elsewhere. The Willamette has resumed its normal summer stage, registering but six inches above low water mark this morning.

Steamer Ruth left for Portland at 7:10 a. m. today with a very good load of freight and usual complement of passengers. A large number of laborers were on board, bound for Goble where they expect to work on the railroad now being constructed there. Several of J. J. Bottgers speedy race horses were also on board for Victoria B. C., where they will participate in several racing events. Mr. Bottger left for Victoria by train.

The Grey Eagle left on schedule time this morning, 7 a. m., for Mission Landing where she will transfer freight and passengers to the Altona, returning to Salem this evening. She had a number of passengers on board this morning.

BRYAN AND WATSON.

Oregon Electors Pledged for Them.

COMPLETE FUSION MADE.

Populists, Democrats and Silver Men United.

Special to the Journal.

PORTLAND, Aug. 26.—A complete union of forces has been consummated by the friends of silver, and an electoral ticket for Oregon has been agreed upon to be composed of two Populists, one Democrat and one silver Republican. These electors will be announced soon, and they will be instructed to vote for Bryan and Watson. The Democratic state campaign committee is in session here, as is also the Populist state central committee. Many prominent silver Republicans are in the city, all interested in securing union and harmony. The Democratic national committee, J. H. Townsend, of Polk county, and Col. E. Hofer, of Salem, the national representative of the silver party, are here in conference. The result of the presence of all these people here is as above stated. All parties are thoroughly satisfied with the combination, and join in the conviction that it will sweep everything in the coming election.

The consensus of opinion favored an honorable union of the free silver forces in this state. Many appeared to think that the selection of Bryan by the Populists called for a little magnanimity on the part of the Democrats, and that they should concede the vice-president to the Populists, which is practically conceded by the action of the different committees. It is the belief of all present that Bryan will carry every county in the state, and that a great national victory is in store for the common people.

Picked Up in Mid-ocean.

NEW YORK, Aug. 26.—Captain Burnside and 22 of the crew of the British tramp steamer Moldava were picked up at sea in three open boats by the Anchor line steamer Circassia, which arrived from Glasgow. The Moldava struck an iceberg in a fog at 5:30 P. M. last Wednesday and sank, giving the crew barely time to provision the lifeboats and lower them. All hands were saved. The Moldava, which had a cargo of coal, was owned by the Mercantile Shipping Company, of London.

THE LOST FOUND.—About 9 o'clock Tuesday morning John Smith, aged 11 years, son of J. W. Smith of Depot addition was sent down town on an errand. He was accompanied by George Hayden, the 9 year old son of Mrs. Richard H. Mason residing on Sixteenth street near Mill. The boys failed to return home last night and their delay in returning aroused considerable anxiety, on the part of their parents. The police were notified, but had seen nothing of them. This morning the boys were found, having been out all night, and were returned to their anxious parents.

Condensed Testimony.

Chas. H. Hood, Broker and Manufacturer's Agent, Columbus, Ohio, certifies that Dr. King's New Discovery has no equal as a Cough remedy. J. D. Brown, Prop. of St. James Hotel, Ft. Wayne, Ind., testifies that he was cured of a Cough of two years standing, caused by La Grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mr. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trial Bottles at Fred A. Legg's Drug Store.
